

Winners Announced in 2010 Global Awards for Excellence in BPM & Workflow

December 2, 2010—Lighthouse Point, FL. Future Strategies Inc., is pleased to announce the Gold and Silver Winners for the *2010 Global Awards for Excellence in Business Process Management and Workflow*.

Co-sponsored by WfMC and BPM.com and now in their 18th year, these prestigious awards recognize user organizations that have demonstrably excelled in implementing innovative business process solutions to meet strategic business objectives. There are five geographical regions. Each region receives Gold and Silver Awards.

Awards Director Layna Fischer commented on the strength of the entries, especially the case studies submitted in the North America region. "For the first time, because of the depth of outstanding entries in North America, we awarded two silver trophies and two gold trophies," said Ms Fischer. "It was impossible for the judges to select only one in each category."

Nathaniel Palmer, WfMC Executive Director and Industry Analyst noted, "This year, we see a trend that the scope of implementations has increased to more non-financial case studies, like healthcare, with greater government adoption, addressing social and environmental issues. Additionally, we noticed that the BPM Center of Excellence plays a more significant role in start-up and success than in previous years of awards."

Regional Finalists were selected by a panel of judges drawn from the sponsors; more details on case study requirements can be found online at www.bpmf.org. Finalists receive additional recognition by having their case studies published in the annual edition of *BPM Excellence in Practice* by Future Strategies Inc.

This year the Awards Ceremony was presented in a virtual format with the Gold and Silver winners announced in a special webinar chaired by Keith Swenson, lead judge. The slide presentation can be downloaded from www.bpmf.org.

Workflow Management Coalition ([WfMC](http://www.wfmc.org)) and [BPM.com](http://www.bpm.com) jointly sponsor the annual Global Awards for Excellence in BPM and Workflow. The Awards program is managed by [Future Strategies Inc.](http://www.futurestrategies.com)

About the Workflow Management Coalition (www.wfmc.org)

The WfMC, founded in August 1993, is a non-profit, international organization of workflow vendors, users, analysts and university/research groups. The Coalition's mission is to promote and develop the use of workflow through the establishment of standards for software terminology, interoperability and connectivity between workflow products. Comprising over 300 members worldwide, the Coalition is the only standards body for this specific software market. The creation of the WfMC Standards Reference Model has proved its importance in other areas of technology, most notably the ISO Seven Layer reference model for computer communications.
